Summary

Frontend Developer with nearly 4 years of experience in React.js and Vue.js, building performant admin systems and internal tools while leveraging AI-assisted workflows to accelerate delivery.

Experience

Fastboy Marketing Company

Jul 2025 - Present

Frontend Developer (Middle)

- Led frontend of a Social Automation Tool, reducing manual posting effort by ~70% through automated publishing and scheduling across 3 platforms, with integrated AI-powered caption and media generation.
- Standardized the team's AI-assisted development workflow (reusable agents, skills, and conventions), reducing onboarding time for new features and speeding up delivery across the team.
- Tech stack: Vue 3, Tailwind CSS, Element Plus, Claude AI.

IES Company

Jan 2024 - May 2025

Frontend Developer (Junior)

- Built 20+ modules for Magichands Admin and hit a 92+ Lighthouse score by optimizing render flow, reducing bundle size, and adding lazy loading.
- Designed and integrated RESTful APIs for the Airport Transfer service, enabling booking and scheduling of one-way and round-trip transfers.
- Tech stack: Next.js, AdonisJs, TypeScript, Ant Design, Zustand, Tailwind CSS.

TESO Company

Sep 2022 - Dec 2023

Frontend Developer (Fresher)

- Developed the CleverTube admin dashboard, streamlining content operations by centralizing management of video lessons, vocabulary, quizzes and pronunciation features.
- Developed 15+ reusable components within a component-driven architecture, improving UI consistency and reducing duplicate code across the dashboard.
- Tech stack: TypeScript, React.js, TanStack Query, Chakra UI.

Education

Binh Duong University

Aug 2017 - Jul 2022

BSc Software Technology
